MEMORANDUM FSD Memo: 030021

TO: Fiscal Officers and Fixed Asset Users

FROM: Zeke Partin, CPA, Assistant State Controller
Office of the State Controller (OSC)

SUBJECT: Fixed Asset (FA) Data Entry Deadline (08/08/2003) and Operations Schedule

The last day available for entering any fixed asset information for the year ending June 30, 2003 will be Friday, August 8, 2003. This date is final and no extensions will be granted due to the Comprehensive Annual Financial Report (CAFR) reporting requirements. **It is crucial that all temporary assets existing in the Capitalized Asset (CAP) temporary level be processed before the August 8 deadline. At the end of this business day, all temporary assets that remain in the CAP temporary level will be purged.** The Inventory (INV) temporary level will continue to be purged monthly, leaving three months of data available.

The following asset reports should be used for reconciliation:

1. C-FA-CAPITAL-ASSET-LIST
This report series replaces the C-U-FA-FA755-GE5000 report series. This new report series lists capital assets, and can be found in XPTR (Systemware) OSCOP* FA CAPITAL ASSET LIST.
2. C-U-FA-CAPITAL-ASSET-REPORTS
This report series contains multiple reports that previously were separate. This report can be run prior to year-end at the agency's discretion in Information Expert (IE). Within this report series are the following:
 - a) Capital Assets Added in the current fiscal year.
 - b) Capital Assets Retired in the current fiscal year.
 - c) Capital Assets Transferred in/out during the current fiscal year.
 - d) Capital Assets with adjustments in the current fiscal year.
 - e) Capital Assets added in the current fiscal year for a prior fiscal year.
3. C-U-FA-DEPRXX (This report can be run instead of the Expense Ledger which is not available for those agencies that depreciate for financial reporting purposes.) This report can be run prior to year-end at the agency's discretion in IE.
